Languages	Tamazight(Berber language)(mother language) · Arabic · English B2 · French A2 · Turkish A1

Experience

DIMEL SOLAR

Algiers, Algeria

SOLAR ENERGY - Installation TEAM - PART-TIME

January 2018 - September 2020

- As a member of the installation team, we install solar systems from the scratch up to the consuming phase. From small projects like daily consumption for houses, streetlights, and stationed vehicles to mid project like daily consumption for schools and water pumps (3- 35 hp).

DIMEL PRO

Algiers, Algeria

STREETLIGHTS ASSEMBLAGE - PART-TIME

May 2013 - October 2017

- I worked as a student part times for an export/import company specialized in public illumination, assembling half-manufactured lights. However, recently it started manufacturing the whole LED lights locally.

Internships

BROAD TECHNOLOGY

Algiers, Algeria

NETWORKING ASSISTANT - INTERN

July 2021 - September 2021

- As for summer internship required for the school, I spent a month at Broad technology, a company that provides computer network distribution, telecom and cyber security technologies, network setup and data processing. I went throughout the cycle of network setup, starting from taking the project from the client, going through planning, and designing the architecture to installing the network and configure it.

AUDITOR OFFICE

Algiers, Algeria

ACCOUNTANT ASSISTANT INTERN

January 2019 - Mars 2019

- As a student preparing for graduation theses, I'd worked as an intern preparing balance sheet for a small company, stating its assets and liabilities.

Education

USKUDAR UNIVERSITY

Istanbul, Turkey

BACHELOR OF COMPUTER ENGINEERING

Sep 2019 - NOW

UNIVERSITY OF ALGIERS 3

Algiers, Algeria

BACHELOR OF FINANCE AND ACCOUNTING
